# Colombia MAR 2011

**March DATE**  
16 - 18/2011

It is the commercial showcase that gathers the most select companies of Colombia and the world dedicated to naval construction and repair at a national level and international, as well.

It will count with the attendance of more than 5000 visitors and 80 national exhibitors and from all over the world. The Colombiamar 2011 Fair offers its participants all the Colombiamar 2011 facilities to carry out their exhibitions through the following services:

Warehouse for provisional storage.

Parking for exhibitors.

Open Internet access.

Temporary free trade zone

VIP Room with:

Help desk

Room reservation for private meeting

Resting and coffee areas

Modules with permanent Internet access

Tour guide service within the city (optional)

Press Conference

All of this for being part of Colombiamar 2011, where your company will be able to make commercial contacts and do business with the representatives of leading companies in the naval industry.

## Location of the Event

"Julio César Turbay Ayala" Convention and Exhibition Center of Cartagena de Indias , Colombia. South America

## International SHIP DESIGN & Naval Engineering congress

The aim of the International Ship Design & Naval Engineering Congress is to offer an adequate space for the disclosure of experiences in research and development of the naval, maritime, riverine and port sectors; therefore, establishing the foundation for the free exchange, contribution and application of knowledge.
